

Price Totem

TOTEM_G

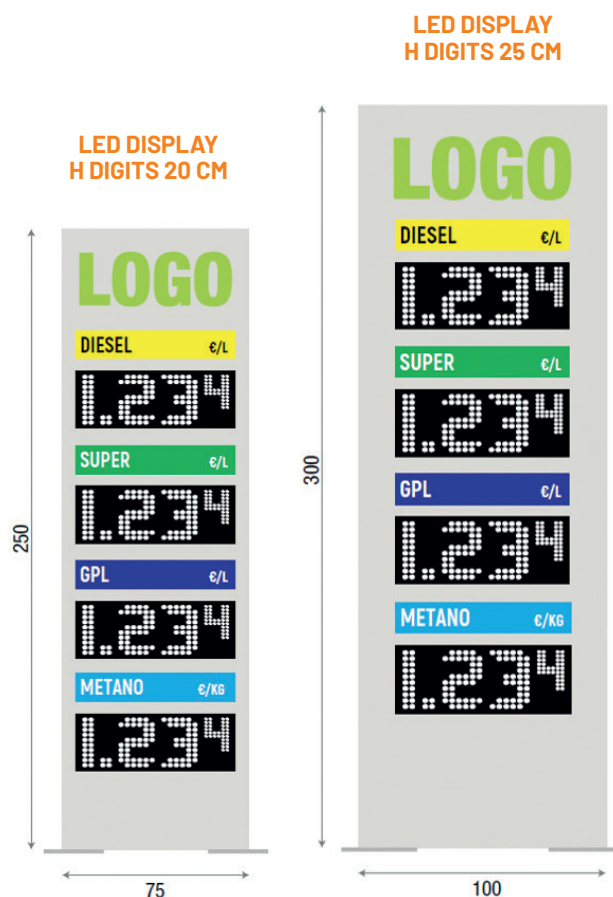

FOR GROUND INSTALLATION

FEATURES

The prices are displayed and managed directly through the StoreSmart System, thus allowing fast, flexible and above all completely automated control. Thanks to this fully integrated management, it is possible to send Product Prices from the StoreSmart system directly to the TOTEM-G units multiple times a day without limit to the number of iterations. In the case of centralized remote management, the Product Prices can be controlled directly from the OfficeSmart System in the network Headquarters. The system allows the manager to change the prices for the entire network or for every single station.

The TOTEM_G are composed as follows:

- Pre-painted (white or silver) press-folded aluminum composite panels
- Internal supporting frame in tubular FE with plates for anchoring to the ground
- Amber / white LED display with character H 20 cm or 25 cm.
- Price change management with remote controller
- Price change management through the Site Manager
- Luminous product panel, transparent plexiglass with stickers
- Light Emitting Diode technology

The TOTEM_G unit is an intelligent price visualization system. The TOTEM_G, in the version to be installed on the ground, allows you to have a perfect solution to view the prices of fuels applied at the Point of Sale or on the specific island according to the positioning of the unit.

AVAILABLE CONFIGURATIONS

For floor installation Totems with a **display height of 20 cm**, the following possible configurations are available:

<i>COD. T 0120M</i>	Single-sided with 1 line PRICES with display 20 cm
<i>COD. T 0120B</i>	Double-sided with 1 line PRICES with display 20 cm
<i>COD. T 0220M</i>	Single-sided with 2 lines PRICES with display 20 cm
<i>COD. T 0220B</i>	Double-sided with 2 lines PRICES with display 20 cm
<i>COD. T 0320M</i>	Single-sided with 3 lines PRICES with display 20 cm
<i>COD. T 0320B</i>	Double-sided with 3 lines PRICES with display 20 cm
<i>COD. T 0420M</i>	Single-sided with 4 lines PRICES with display 20 cm
<i>COD. T 0420B</i>	Double-sided with 4 lines PRICES with display 20 cm

With regard to the Totems to be fixed to the floor with a **display height of 25 cm**, the following possible configurations are available:

<i>COD. T 0125M</i>	Single-sided with 1 line PRICES with display 25 cm
<i>COD. T 0125B</i>	Double-sided with 1 line PRICES with display 25 cm
<i>COD. T 0225M</i>	Single-sided with 2 lines PRICES with display 25 cm
<i>COD. T 0225B</i>	Double-sided with 2 lines PRICES with display 25 cm
<i>COD. T 0325M</i>	Single-sided with 3 lines PRICES with display 25 cm
<i>COD. T 0325B</i>	Double-sided with 3 lines PRICES with display 25 cm
<i>COD. T 0425M</i>	Single-sided with 4 lines PRICES with display 25 cm
<i>COD. T 0425B</i>	Double-sided with 4 lines PRICES with display 25 cm

ADDED VALUE

- The great advantage of the TOTEM_G units is that they are intelligent devices integrated into the Maser automation architecture of the Forecourt Management.
- The prices to be displayed are managed directly through the StoreSmart System thus allowing a fast, flexible and completely automated management.
- Thanks to this fully integrated management, it is possible to send prices directly to the TOTEM_G units from the StoreSmart system with unlimited iterations.
- In case of centralized remote management, it is possible to manage prices directly from the OfficeSmart system in the Company's Headquarters.
- The system allows the manager to change the prices for the entire network or for every single station.
